SNOW REMOVAL MAINTENANCE

Owner shall maintain the premises in compliance with the codes of the Borough and shall regularly perform all routine maintenance, including lawn mowing and ice and snow removal and shall promptly make any and all repairs necessary to fulfill this obligation.

**Monaca Christmas Tree Recycling will begin
January 1st thru January 31st 2024**

This will help keep Christmas trees out of local landfills and generate mulch for areas within the borough.

Recycling your tree helps ensure the sustainability of our community by saving valuable landfill space. When chipped into mulch, cut trees become valuable organic material used in landscaping projects that help conserve soil moisture and keep plants healthy.

There is no charge for this service.

How to Prepare Your Tree

Before setting your tree out where you set your garbage, remove all non-organic objects such as lights, wire, tinsel, ornaments and nails.

Foreign objects can contaminate the mulch and ruin the chipper.

Flocked trees cannot be recycled.

Please call the Borough to schedule pick-up 724 775-9600.
